Projects

URL Shortener- Shortify — GitHub | Live Demo
- Developed a custom dashboard to track shortened links, clicks, and performance analytics.
- Utilized React.js for the front end and Node.js, Express.js, and MongoDB for backend services.
- Integrated user **authentication and tracking** features to monitor link usage

Readify - Book Store — GitHub | Live Demo
- Developed a full-stack MERN web app enabling users to browse, favorite, and order books with secure JWT authentication.
- Implemented admin functionalities for adding, updating, and deleting books, plus managing orders.
- Built responsive UI using React and Tailwind CSS, with image upload support on the backend.

Experience

Web Developer— Ohh ! Buddie   June 2025 - Present
Ohh ! Buddie — Kolkata
- Designed and developed complex, responsive frontend interfaces for the Ohh Buddie ecommerce platform, focusing on optimized user flows and seamless interaction.
- Proactively identified and resolved edge cases and frontend issues to ensure robust performance and consistent user experience across browsers.
- Gained working knowledge of Laravel and PHP to facilitate effective collaboration with backend developers and improve integration of frontend

Web Developer Internship— Webriy   May 2025 - June 2025
Webriy — Remote   *Certificate*
- Assisted in developing and customizing responsive web components using HTML, CSS, and JavaScript for CopyElement's platform
- Integrated components into existing Elementor-based WordPress templates following design specifications
- Performed cross-browser testing and bug fixes to ensure compatibility and responsiveness

Full-Stack Developer Internship Training — Cuvette   September 2024 - March 2025
Cuvette — Remote   *Certificate*
- Completed an intensive, **project-driven training** focused on the MERN stack (MongoDB, Express.js, React.js, Node.js) and **Data Structures and Algorithms** (DSA).
- Built and deployed multiple **full-stack applications** with features like user authentication, file uploads, RESTful APIs,
- Gained hands-on experience with modern dev tools like **Postman**, **Git**, **GitHub**, and deployment platforms.

Technical Skills

Languages: C++ ,**Javascript**
Frontend: **React.js**, Redux, HTML, CSS, JavaScript, Bootstrap, Tailwind CSS
Backend: **Node.js**, Express.js, **REST API development**
Database: MongoDB, Mongoose
Other Tools and Technologies: Git, GitHub, Postman, Multer, **Wordpress** ,Deployment

Education

Surendra Institute of Engineering and Management   Siliguri, West Bengal
B.Tech in Computer Science and Engineering

IMPS Polytechnic College   Jalpaiguri, West Bengal
